VIDEOBAR MOUNTS

HOW TO CHOOSE ?

Video bar mounts on stands CHOOSE THE MOUNT FOR YOUR VIDEO BAR

10 YEAR GUARANTEE

New

Choose the right mount in 4 steps

- 1 What is the brand and model of the video bar?
- 2 On which stand will it be installed and would you like it to be above or under the screen?
- 3 No dedicated mount ? Check the compatibility with our universal solutions.
- 4 Is your model of video bar not listed? New references are regularly created, do not hesitate to consult us.

WALL MOUNTS

HOW TO CHOOSE?

CHOOSE YOUR WALL SCREEN MOUNT IN 3 STEPS

1 What is the weight of your screen?

2 What functions would you like to have?

3 Choose your mount...

... and consult the product page to have more information⁽¹⁾

Tilting

Tilting and swiveling

⁽¹⁾This overview takes into account the technical characteristics of the various displays currently on the market and the specifications of ERARD PRO's mounts. These technical specifications are detailed on product pages of this guide.

ERARD PRO® encourages the user to make his choice by checking the dimensions of the fixing points at the back of the screen (VESA) and the maximum load in kilograms that the mount can accept.

*Anti theft version available. You will find all information on page 105.
