Antonio Neri • Following
President & CEO, Hewlett Packard Enterprise
12h • 🌐

Today, **Hewlett Packard Enterprise** announced our agreement to acquire Juniper Networks, which will accelerate our AI-driven innovation and supercharge our edge-to-cloud strategy. The acquisition represents an important inflection point and will positively shift the dynamics in the networking market, while also generating significant value for our shareholders.

I look forward to welcoming Juniper Networks' talented employees to our team and driving game-changing innovation in the industry.

networking

MATURITY

Emphasis on stability and continuity; may be slower to innovate.

INNOVATION

Flexible and responsive to market; may invite disruption.

FEATURE PLAY

Offers specific functionality and use case support; may lack broad capability.

PLATFORM PLAY

Offers broad functionality and use case support; may heighten complexity.
